

# DISCOVER THE COLLEGE APPRENTICESHIP PROGRAM!

Looking for a way to boost your career while you pursue your degree? The College Apprenticeship Program is here to help CUNY students like you get a jumpstart on your career by giving you hands-on work experience and building strong connections with potential employers. Our program is designed to enhance job opportunities for students pursuing an Associate of Applied Science (AAS) degree or an Associate of Science degree (AS) at select CUNY community colleges.

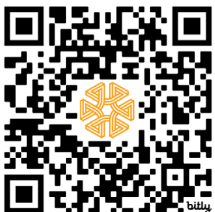

## ABOUT

With two unique program tracks in business and technology, you can earn up to nine credits while gaining real-world experience at major employers such as **American Express, EY, JPMC,** or **TD Bank**. Afterward, apprentice graduates can land a full-time position making more than \$75,000 a year.

## ELIGIBILITY

- You are on track to earn 45 credits by end of Fall 2024
- Have a 2.5 minimum GPA
- Enrolled in Bronx Community College, New York City College of Technology, Guttman Community College, LaGuardia Community College, Queensborough Community College, and Borough of Manhattan Community College
- Students enrolled in specific degree programs that align with tech (e.g. CS, IT, CIS, etc.) or business (e.g. Accounting, Marketing, Business Management, etc.) skills
